

ELECTRIC KITCHEN COMPOSTER

R&D&MANUFACTURING EXPERT

SHIHAO SINCE 2020

Quality/Delivery Time/Service

COMPANY OVERVIEW

Guangdong **Shihao Intelligent Technology** Co., Ltd. was officially founded in May 2024. Its predecessor, Zhongshan Shihao Electrical Appliance Co., Ltd., was established in August 2020. Based in Ronggui, Shunde (the Capital of Gastronomy and a strong industrial town), we focus on environmental appliances like garbage disposals, integrating **R&D, production, and sales**.

Our company has a strong & experienced technical team with 2 chief engineers and 3 senior engineers, and an independent lab. We've developed many mid - to high-end products, such as aircirculation fans and humidifiers. Our products have been certified by renowned bodies such as TÜV Rheinland, China Vkan, Korea KC, and SGS. We also hold **ISO 9001:2018, CCC, KC, and PSE** certifications.

We use advanced manufacturing processes and automated equipment, following strict quality control. Guided by "quality for market, service for customers, innovation for development", we always prioritize quality and innovation.

Our products are widely sold in domestic, Japanese, Korean, American, European, and Southeast Asian markets.

Our service tenet is to enhance customer satisfaction through quality, punctual delivery, and good service.

CERTIFICATES AND PATENTS

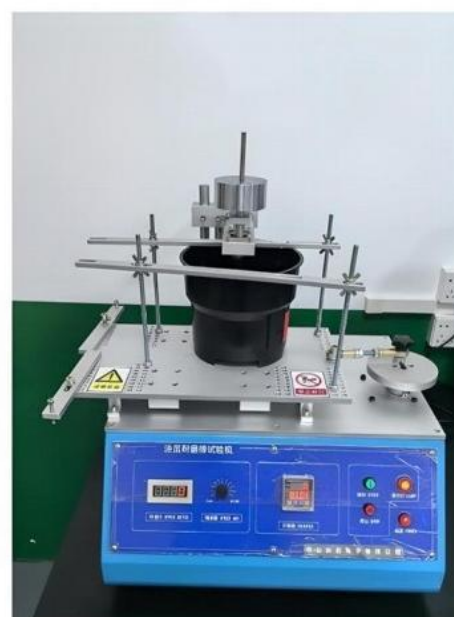

COMPANY OVERVIEW

Workshop environment

Facilities:

- *18,000+sqm standard factory space.
- *6 final assembly lines
- *Self-owned mold factory, injection molding factory, circuit board factory, and motor factory.

***Daily output:**8,000 units/day.

Equipped with:

- *UV laser engraving machines and automated assembly equipment.
- *Automated and semi-automated screw fastening.
- *Automated silicone component assembly.

Testing Equipment:

- *Full suite of testing devices for circulation fans, bladeless fans, humidifiers, and heaters (excluding EMC testing).
- *Key equipment: Soundproof testing room, high/low-temperature testing chamber, torque meter, spring impact hammer, multi-channel temperature tester, test finger, vibration tester, tilt tester, salt spray tester, burst tester, colorimeter, light box tester, constant temperature/humidity testing chamber.

Electric Kitchen Composter

The cubic shape slides into spaces nicely

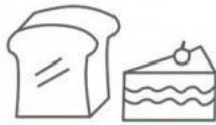

Fruit/Vegetable

Chicken bones
& Fish bones

Fallen leaves and
withered branches

Cereal products

Convenient food cyclor that
reduces food waste to 96%!

90%of food waste like fruits,
vegetables,eggshells,breads,leftover
meat scraps and even pet foods,
chicken bones can be dehydrated
and grinded.

Mix the recycled food compound
into your soil for an easy,
nutrient-rich plant food.

Quiet cycles for multiple
times running per day,year round.

Use Performance

AFTER

**96%
Reduction!**

KITCHEN WASTE PROCESSOR

PRODUCT FUNCTIONS AND USAGE

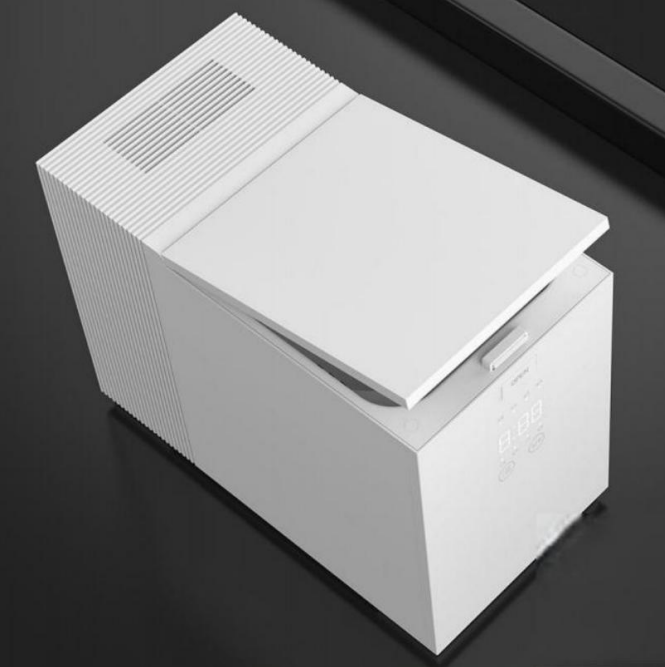

Combining high-temperature drying with crushing, the machine sterilizes and uses activated carbon to deodorize.

With intelligent sensing technology, the machine can dynamically adjust its working time and power according to the volume of kitchen waste.

Processable food and waste: All plant-based foods, meat, fruits (those with high sugar content need to be processed in combination with other items), and poultry bones.

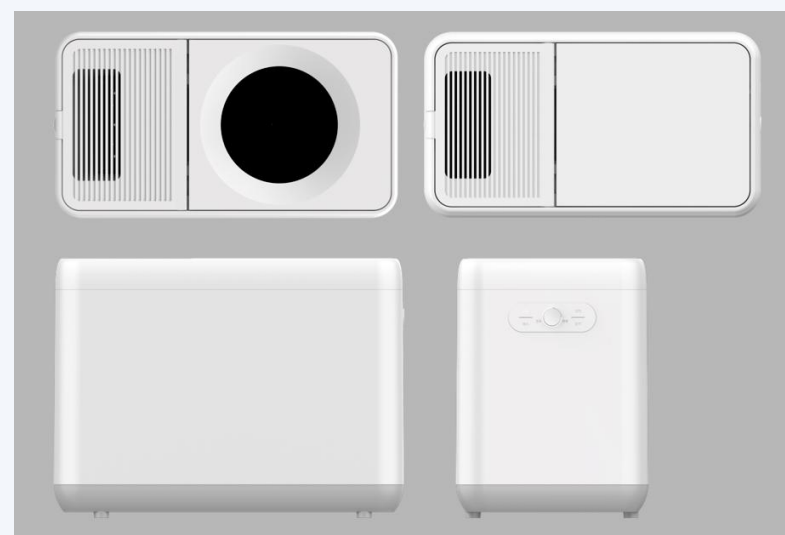

Removable waste bucket can be kept in the kitchen, under the sink, or by the trash can, easy cleaning in the dishwasher.

2L SERIES

mini size and cubic shape for nice storage, air duct system detachable and washable
